What is Young Earth Creationism?

1. Genesis is history and “*yôm” is a literal day (Gen 1) (6 literal creation days)*
2. *The Earth was created ~7000 years ago*
3. *The Flood during the days of Noah is responsible for producing most of the geological features of the Earth*
4. *No physical death of animals occurred before sin*

75 Generations from Adam To Christ

- If there are 75 generations between Adam and Christ
- There are 3500 to 7500 years from creation to Christ
- ~5500 years
- The Earth was created approximately 7500 years ago (5500 to 9500 years ago)

1: The Masoretic Text chronology from Abraham to Adam was corrupted by Jews in 160 AD at Zippori for anti-Christian theological reasons. The Septuagint Chronology in whole is the original and correct. Jacob's birth is 2006 BC, Exodus 1446 BC, Solomon's temple started 967 BC in both MT and LXX texts.

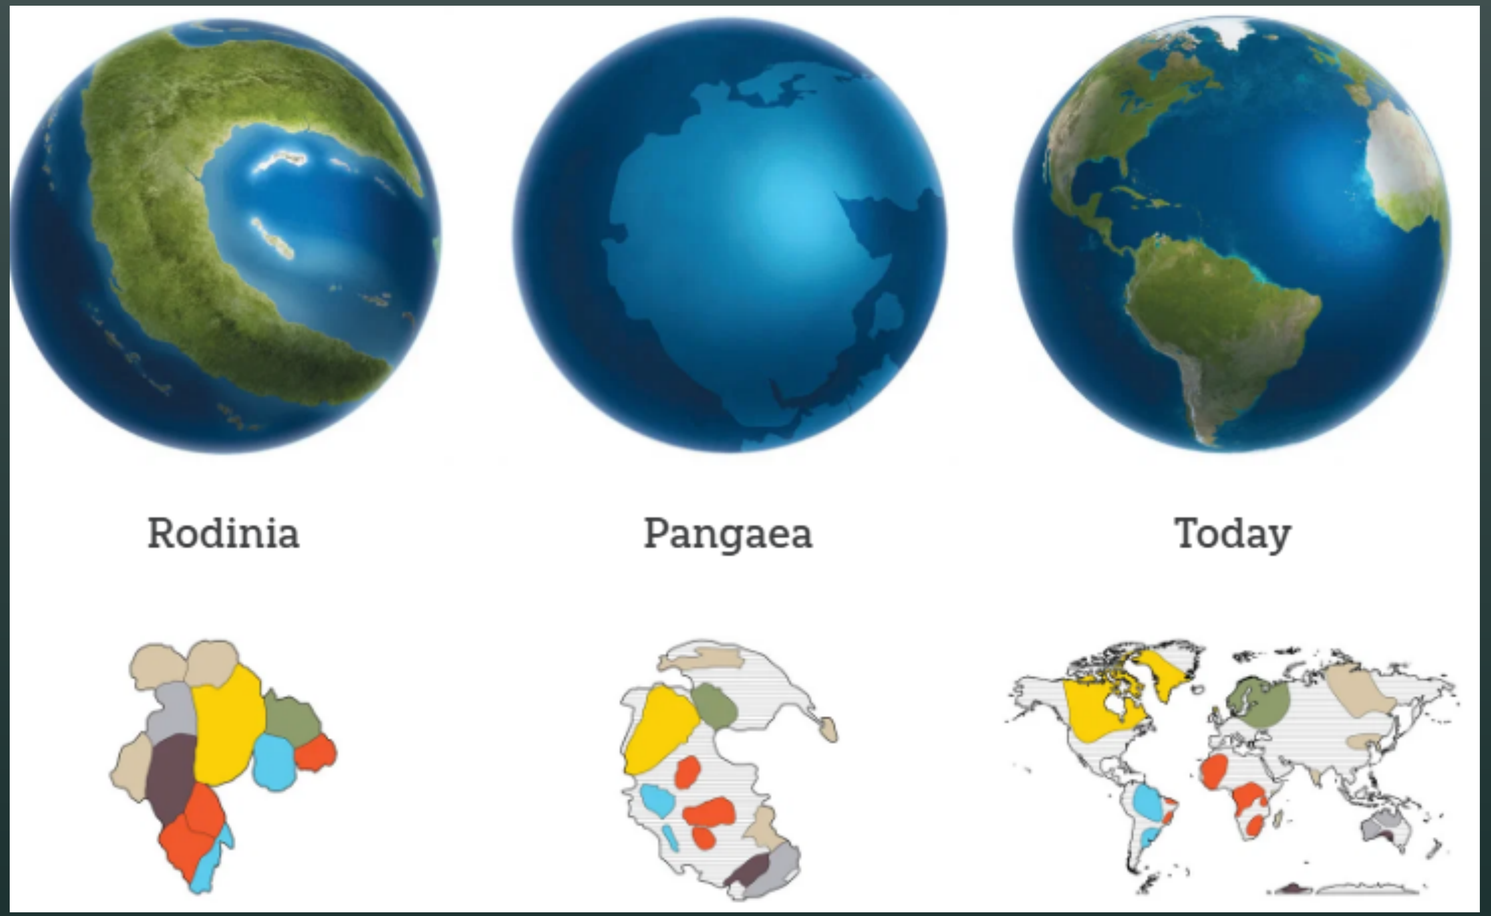

THE ICE AGE
AN AFTEREFFECT OF THE GLOBAL FLOOD
ONE ICE AGE OR MANY?
DIFFERENT WORLDVIEWS LEAD TO DIFFERENT CONCLUSIONS
BIBLICAL VIEW
Our biblical model maintains that there was only one ice age, and it came about as a result of the global Flood.
one WORLD two VIEWS
SECULAR VIEW
The leading secular model holds
were at least four major ice ages,
exhibiting periods of glaciers adv
and retreating.

What did the Flood do

- “Answers in Genesis” [AiG] (founded by Ken Ham in 1994) built the Creation Museum in Kentucky.
- AiG claims that there was one continent before the flood – most of the geological features we have today are due to the flood [Why?]
- Bias is dangerous [Ice Age, Confidential Drift, etc.]
- “Who is this that obscures my plans with words without knowledge?” Job 38:2
- We don’t know what the flood did or didn’t do except for what is written in Genesis.

A couple of quotes from Young Earthers…

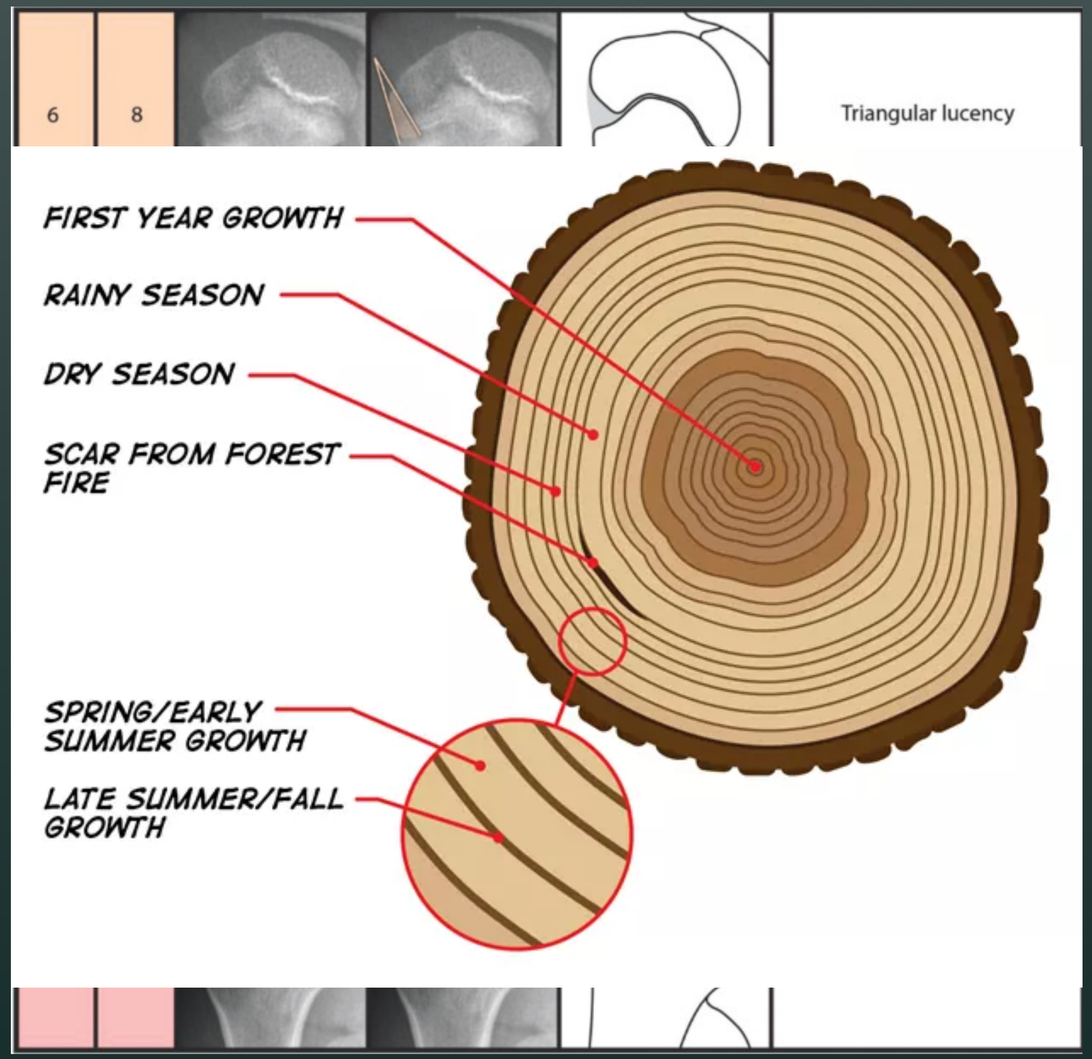

- “if the entire earth was flooded, then all of the pre-flood geology no longer exists”
- “Our modern continents from the original earth, which broke apart during the flood… called Rodinia”

THE ICE AGE
AN AFTEREFFECT OF
THE GLOBAL FLOOD

Consider Adam on the 7th day of creation…

- We observe Adam, who appears to be a ~25 year old male…
- If we take an X-ray of Adam…
- What about a tree? What would its rings look like? Would it even have rings?

Ken Ham and Bill Nye revisited

- Big bad evil scientists claims they can state the age of something
  - Carbon Dating, Ice Ages, …
- Young-Earth Creationists wage war against these
- Grand Canyon was carved out over 90 million years… true or false?
- No more fighting over measured ages!
- Bill Nye’s stance on Ice Ages may be correct
  - Ken Ham’s stance on a post-flood Ice Age may be correct at the same time

Extrapolation

- Macro- vs Micro- evolution?
  - Micro- is observable, proven
  - Macro- disagrees with scripture
- Bais-driven arguments
  - I firmly believe that Young Earth Creationists are wrong in some of these debates, simply due to bias
- Stop listening to men
  - Scientists and Young Earth Creationists
  - Read Job 38 – be humble

~~Young~~ Old Earth Creationist

- Our earth doesn’t appear 7500 years old, although it was created around that time
- Be respectful, try to encourage change
- Honor God’s Word
